

NORTHWEST SAN PEDRO NEIGHBORHOOD COUNCIL Public Safety COMMITTEE REPORT

Meeting Held at Peck Park on February 4, 2015, 5:30 PM

Committee Member Attendees

Carolyn Grayson, Cynthia Gonyea, Ashley Grayson, Pete Burmeister

Committee Members not in attendance

Ray Regalado, Roger Cuevas

Agenda Item – Emergency preparedness meetings

Ashley Grayson reported on conversation with Barbara Schach about how to publicize the event with the schools and the parents.

The goals of the emergency preparedness presentation and the date of February 17 for holding the presentation were discussed.

It was decided that February 17 was too soon to get organized. We will select a future date.

Pete Burmeister suggested that we reach out to the LAUSD Police and contact the person responsible for Safety and ask for help and suggestions for contacts at the schools, and how to encourage parents to attend such an event.

We will hold a committee meeting in February (date and time to be announced) to plan for this Emergency Preparedness event.

Agenda Item – Community Meetings re: Rancho Holdings

Ray Regalado was not at the meeting; no report.

Agenda Item – Refinery flarings

Pete reported that the Homeowners United group had had correspondence with the refineries regarding three recent flaring incidents and that the refineries had reported that they were normal incidents related to shut down and start up.

Agenda Items – Public Comment and Issues to forward to the Board

Pete mentioned the safety issue of trucks exiting Rancho facility and making left turn across traffic on Gaffey. Need to find out if Issues Committee will handle or should be handled by Public Safety committee.

Adjourned.

Next meeting date March 4, 2015.
