The Northwest San Pedro Neighborhood Council worked with Target's representatives to develop plans that we could support for the construction of the store at 1701 N. Gaffey. The store has been a good addition to our community.

One of the conditions (number 17) of the approval by the City stated: "The applicant shall be responsible for maintaining free of litter the area adjacent to the premises over which they have control." We are writing to request that your store regularly clean the perimeter of your property along both Gaffey and Capitol. The edges are frequently filled with trash and other litter. Additionally, we are requesting that the entryway to the store itself be cleaned more frequently, at least daily. We often encounter gum on the ground along with various forms of litter as we enter and exit the store. Additionally the area has become stained from spilled beverages. This does not make for the pleasant shopping experience that Target prides itself on.

Thank you for your attention to this matter.

Sincerely,
