Re: Importance of Battleship USS Iowa

Dear Representatives,

At the September 9, 2019 meeting of the Northwest San Pedro Neighborhood Council, the board approved the following resolution:

**Motion Supporting Importance of Battleship Iowa**

The Northwest San Pedro Neighborhood Council recognizes the historic importance and uniqueness of the USS Iowa and requests that any or all plans for waterfront development and improvement by any private group or public authority protect and integrate the Iowa both to honor the sacrifice of all who have served to protect our country, and to enhance the ship’s role as an attractive feature of public use at the San Pedro waterfront.

Sincerely,

Ray Regalado, President
On behalf of the Northwest San Pedro Neighborhood Council
